TO OUR MOTHERS

"Mothers, it is impossible for us to express our great amount of gratitude and appreciation, we feel for you." How often we wonder about the many problems that would arise if our Mothers were not here to guide us.

There are times when our work at school does not run as smoothly as expected, and we are ergs and peevish, but it is soon straightened out by our Mothers who encourage us to try it again.

"So, Mothers, we hope we shall be able to fulfill all your expectations and ambitions for our futures, and make you proud of us."

BOYS FORM
GLEE CLUB

A group of boys met in the music room Monday night at 3:40 to talk over the Glee Club tryouts. Nearly all of the boys being present, the outlook for a Glee Club is promising.
